Enumeration Mathematical Library
Team 7

Key achievements in the last week

- Fully Tested Arbitrary Large Numbers Library
- Fixed bugs
- Completed Arbitrary Precision Library
- Done some testing on Arbitrary Precision Library
- Started working on Number-Theoretic Functions Library
- Created Issue List
- Created Status Report
- Successful Presentation

Key planned activities for the next week

- Complete Number Theoretic Functions Library
- Test all previous code and compatibility
- Debug all previous code

Project Metrics	Status
New Issues/Risks Captured	G
Scheduled Tasks	G
Issues/Risks Resolved	G
Stakeholder Management	G

Overall Status G

Plan to keep/get project to Green status

- Debug all errors in Arbitrary Precision Library.
- Continue Testing Arbitrary Large Library.

Key risks / issues / scope changes

- Found some implementation level bugs in Arbitrary Precision Library
- Found some bugs in Arbitrary Large Numbers Library and fixed it

Date: 04/27/16
